

## DDS meridian Head massage

With the gradual enhancement of people's awareness of head therapy and hair conservation, the market of DDS meridian Head massage and health preservation has become more and more extensive! More people choose to go into a professional health center to maintain hair, scalp recuperation hair loss.

Then why the DDS meridian Head massage ? What are the benefits of DDS meridian Head massage ?

### **Then let's talk about the benefits of DDS meridian Head massage**

1. To promote the growth of Yangqi, hundred pulse harmony enhance the resistance of the human body to supplement the necessary Yangqi, will contribute to the improvement and maintenance of human energy and physical strength. Can also enhance resistance, prevent blood stasis, evil, invasion, avoid colds, neurasthenia, hypertension, facial paralysis and nerve, headache and other diseases.
2. Quickly release head pressure, relieve fatigue and enjoy high quality sleep. Eliminate

tension and anxiety in enjoyment. Get enough energy back to the brain! A sweet sleep shines the skin and moisturizes the eyes the next day.

3. Improve blood circulation, promote brain cell movement, stimulate pituitary balance hormone secretion to enhance intelligence, delay aging, avoid tinnitus and dizziness; nourish hair; black hair to prevent hair loss!

For the crowd: lack of Yangqi, dizziness, headache, memory inconcentration, memory loss, insomnia, more dreams, mental work, often face the computer and other people.

## **Why can do DDS meridian Head massage keep healthy?**

The scalp is the highest skin of the human body, controls the elasticity of the skin of the whole body, the scalp is the extension of the facial skin, is one of the second thinner skin of the human body.

The thickness is only 1.476 mm, which is 1 / 6 of the face, 1 / 12 of the body, 1 / 50 of the sole of the foot, and the metabolism of the scalp is 14-21 days.

When there is a wrinkle on the scalp, there are six wrinkles on the face, which means that one scalp maintenance is equivalent to six facial maintenance.

Each hair follicle is connected to 300 tiny blood vessels, and all the nutrients in the brain are supplied by tiny blood vessels.

When the scalp is not healthy, there will be headache and dizziness, scalp pain, hair loss scalp aging and other symptoms!

### A problem that can be solved by DDS meridian Head massage

**[Clear]**-The meridians and collaterals of the head dredge and remove stasis: meridians and collaterals are a pipeline that runs the stasis of qi and blood metabolism, and its internal and external conjoined bodies wrap around our whole body like a network, which has the advantage of dispelling diseases. The human head has six meridians and the face has three meridians and the human body has a total of nine meridians to reach the head and face.

**[Conditioning]** -Holographic conditioning of head Zang-fu organs: the holographic reflex area of the head has five Zang-fu organs, which can be diagnosed by head holography, and conversely, the symptoms of five Zang-fu organs can be improved by head holography.

**[Supplement]** -The improvement of qi and blood energy in the head: warm nourish the body and resist the invasion of external evil, at the same time participate in the

metabolism of Zang-fu function, nourish the whole body, as well as skin, meridians, flesh, tendons, bone, pulp, gland, seven orifices.

**[Nourishing]**-The essence vital of the head nourishes the brain: essence vital is also a symbol of wisdom, there is a difference between the essence of innate origin and the essence of acquired grain. If essence vital is sufficient, it can control the state of thinking logic, memory, reaction and so on.
